WT44STACK-1000

The WT44STACK-1000 stacks up to 200 44" wide documents of a wide variety of media accurately and precisely. From newspapers to heavy bond material, the stacker holds it all.

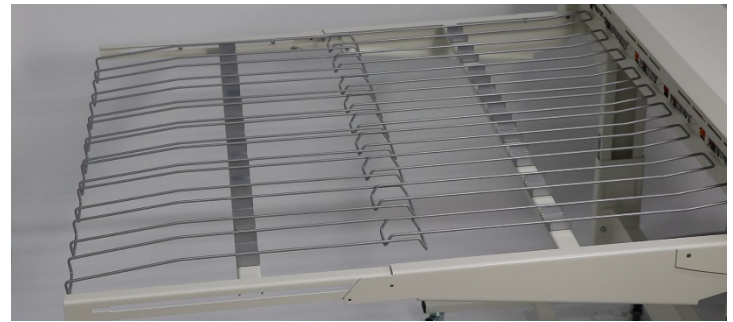

The WT44STACK-1000 works seamlessly with any WideTEK scanner, even the WideTEK 36DS double sided scanner. As soon as the document leaves the scanner, a sensor is activated, and the stacker gently pulls out the document from the scanner. The stacker automatically adjusts to the scanning speed and needs no further adjustments.

Features of the WT44STACK-1000

- Precisely stacks up to 200 documents up to 44" wide and 67" long.
- Supports multiple media from newspaper to heavy bond.
- Automatically adjusts to the speed of the scanner.
- Doubles productivity and preserves delicate documents.
- Heavy duty, all metal design - Made in Germany.

Improve productivity immediately and carefully handle almost any quality large format documents with the WT44STACK-1000
